This is your main 4-H county you will represent in any state and national contests.

The next page will show you the clubs available in the 4-H county you selected. If you do not see the clubs for your county, go back and double check that the 4-H county on the member information page and the main family contact page are correct.

After you select the clubs, you will select your 4-H project areas. There is a link to purchase 4-H project books corresponding to your projects. You can also contact your county office to see if they already have project books available.

After the Clubs page and Projects page, you will then be asked to complete the Medical Information, Code of Conduct, and release forms. After you complete the required releases, you will be taken to the Event Registration page. This page may or may not show any events when you first enroll in the system.
