

# Going Virtual: Programs and Service

*It is a challenge to have meaningful interactions with our 4-H youth while restricted from face-to-face contacts, but with today's technology, our clubs can continue to be active and productive!*

## Program Ideas

- Project Demonstrations—Take this time to have youth practice giving presentations on their project work.
- Arts & Crafts Workshop — Send out supply list ahead of meeting, and work together on an art project. Pull from videos, Pinterest, etc to find inspiration.
- Virtual Camps — Pick a topic and have youth plan 3 days worth of activities. Invite other county youth to participate in a week of fun virtual camps
- Club Challenges — Arrange to meet with another club remotely to share your activities, projects, or simply have a friendly competition/game meeting.
- Scavenger Hunts — Provide lists of items and challenge youth to find as many as they can in a given time frame (example: 5 minutes)
- Book Club— Challenge youth to read the same book and discuss as a group during the meeting.
- Practice Judging/Oral & Written Reasons — Brush up on your presenting reasons with a virtual workshop.

## Service Learning

- Thank You Notes — Take this time to write Thank you notes to those people who help make the best better in your life. Recognize businesses, stakeholders, and community leaders who have helped 4-H.
- “Drive By Shout Outs” — While we can't meet in person, stage a parade where you celebrate somebody special in your community that might be feeling lonely and isolated. Work with local nursing homes, schools, community centers, or day care centers.
- Essential Worker Recognition — From grocery stores to Doctors offices, people are still having to go to work daily in spite of the current pandemic. Take a moment to write a letter of appreciation to those that are keeping our communities open.
- Individual Service — Take to your sewing machine to make masks, help 4-Hers with technology, record yourself reading books and share with clover buds in your community. Whatever your talent, use it to help somebody in need remotely.
