
LIVESTOCK SALES TALK

State 4-H O-Rama

Senior 4-H'ers

OBJECTIVES

Targeted Life Skills: responsibility, self-motivation, marketable skills, oral communication, record keeping, planning, critical thinking, problem solving, decision making.

This activity will develop a 4-H member's ability to communicate the value of their livestock project and market their livestock. Using their knowledge of their project, individuals will create a sales pitch to showcase an animal and its value to the greater animal industries. The purpose is to evaluate the effectiveness of the presentation and the contestant's ability to merchandise their livestock.

ELIGIBILITY

Each county may enter up to four (4) senior 4-H individuals in the Sales Talk contest. This is a state-only contest for individuals.

ACTIVITY

This contest is a mock sales situation – the goal is to sell your animal to potential buyers. Participants must use their **own** livestock project in this contest. Approved livestock species for this contest include cattle, swine, goats, and sheep.

Sales Talk uses a live setting complete with a photo or video and potential buyers. Contestants have five to eight minutes to present an effective sales pitch to the judges (potential buyers). Time penalties will be assessed on pitches falling beyond the time constraint. Time for additional questions from the judges will not be penalized.

SCORING CRITERIA

- 1. Knowledge of the Animal:** (25 points) Was the participant knowledgeable of the animal's pedigree/performance? Were comments about phenotype or genotype accurate?
- 2. Organization and Supporting Materials:** (25 points) Was the presentation organized? Was time managed effectively? Were supporting materials beneficial to the pitch?
