Guide for Completing Your 4-H Clover Record Book

Keeping a 4-H record book is part of your overall 4-H Clover Bud experience. A 4-H Clover Bud record book is kept by 4-H'ers ages 5-7. A 4-H record book is an important part of completing each project. It is a written history of your project work. Keeping a 4-H record book helps you make plans (goals), be organized, make decisions, and just have fun.

Completing your 4-H Clover Bud Record Book can make you feel good about yourself. You did it! Your record book:

- Helps you earn credit for completing the 4-H year
- Makes you eligible to participate in other activities
- Helps you to be eligible to participate in other activities
- Helps you learn important life skills
- Gives you a chance to be recognized on the county level
- Helps you set higher goals – and more!

Report the last three years of your project work unless otherwise stated on the form. When preparing this report form, it should be handwritten, typed, or completed on a computer in this format. Do not repeat information. No additional pages can be added to this form.

Please contact your County Extension Agent on if they would like this to be printed and submitted directly to the County Extension Office in addition to uploading a copy to Zsuite.

NOTE: You do not need to include this page.
